CAREER SUMMARY

I am a Computer Engineering student with strong skills in **Quality Assurance (QA)**. And **Frontend Devlopment** I have practical experience building responsive and user-friendly interfaces using **HTML, CSS, JavaScript and React.js** , along with a good understanding of **testing processes, bug tracking, and quality improve**ment. I'm familiar with **Git** and **JIRA** for collaborative work and version control. With a keen eye for design and attention to detail, I strive to deliver visually appealing, functional, and high-quality software while continuously learning and growing as a developer.

TECHNICAL SKILLS

React.Js | JavaScript| Java |Database – SQL,MongoDB l DSA | OS | UI/UX Design | JIRA, VS Code| Git/GitHub| Manual Testing, Test Case Design, Bug Tracking, Defect Reporting, SDLC/STLC Understanding

SOFT SKILLS

Communication | Problem Solving | Team Work | Critical Thinking | Time Management | Positive Attitude & Work Ethic|

EDUCATION

SSC : 2019-2020
Jogeshwari High School Palshi

DIPLOMA : 2020-2023 : (Information Technology)
Government Polytechnic Jalgaon
Percentage : 77.06%

Percentage : 90.80%

B-Tech : 2023-2026 : (Computer Science And Engineering)
Deogiri Institute Of Engineering And Management Studies
CGPA : Still 6th Sem 7.22

PROJECTS

ResQHome – Pet Adoption Platform | GitHub
Created a pet adoption website that helps people find and adopt pets from nearby shelters. Users can view pet details and contact shelters easily through a simple and user-friendly design.

Weather App | GitHub
Built a weather app using React.js, Material UI, and OpenWeather API. It shows real-time weather for any city with details like temperature, humidity, wind speed, and visibility. The app has a clean, responsive design and is connected to GitHub for version control and deployment.

Unity Share - Community Resource Sharing Platform | GitHub
Built a community platform using the MERN stack where users can share, borrow, or donate items. It lets people post, search, and manage resources through a simple dashboard. Used GitHub for version control and teamwork.

Portflio – Link
Tech Stack: React.js, HTML, CSS, Material UI
Designed and developed a personal portfolio website to showcase projects, skills, and achievements. Implemented a responsive and modern UI using Material UI components and React's component-based architecture for smooth navigation and performance.

INTERNSHIP & TRAINING

Company: Crelite Technology Pvt. Ltd

Duratation : 6 Week

Role : QA Tester

CERTIFICATION

ReactJS Frontend | CERTIFICATION

Micro-Certification - Welcome to ServiceNow on May 20, 2025. | CERTIFICATION

ServiceNow Virtual Internship Program | CERTIFICATION

Internships / Training and Certifications. | CERTIFICATION

EXTRA CURRICULAR ACTIVITIES

Smart India Hackathon (SIH) Coordinator – Actively participated as a coordinator, helping organize and manage event activities, improving teamwork and leadership skills

Cricket Team Member (Wicketkeeper) – Actively represented the college cricket team every academic year, strengthening teamwork, focus, and coordination.

KEY ACHIEVEMENTS

Solved 200+ Problems on LeetCode (🔗) Strengthened problem-solving, data structures, and algorithmic thinking skills.

Developed Multiple Projects – Worked on *UnityShare*, , *Weather App*, and *Community Resource Sharing Platform* using modern web technologies
